

QUALITY POLICY STATEMENT

Barr Industrial operates production facilities strategically placed throughout South-West Scotland. Products and services supplied include Aggregate, Concrete, Asphalt, Surfacing and Civils, Crane Hire, Transport and UKAS Accredited Testing

We are committed to providing the highest quality product and service to our clients and other stakeholders by operating and maintaining a quality management system which complies as a minimum with the requirements of ISO 9001

Our Quality Policy is to

- Achieve the highest possible standard of quality for all our clients
- Strive for continual improvement
- Comply with all Industry Regulations, Approved Codes of Practice and Relevant Product Standards

This will be achieved By

- Operating a documented management system that is regularly reviewed by Senior Management
- Monitor and review the management system on an ongoing basis to ensure its suitability and effectiveness
- Implementing appropriate training programmes to ensure competence and commitment of staff
- Developing and reviewing our business objectives regularly

Copies of this policy are available on the company website and on notice boards at all sites

The responsibility for the implementation of this policy lies with the Managing Director

Signed

William S Weir
Divisional Managing Director
May 2009
